About CBS

Central Business Solutions is a global, High Technology Company offering complete business solution and consulting services in various area of technology.

Incorporated in the year 2000, CBS has become Pioneer in providing High-Technology Business Solutions and Consulting Services to various organizations across the globe. Our organization has provided services for various small and big including fortune 500 companies. Our client portfolio includes companies like AT&T, Sabre, IBM, HP, Microsoft, Yahoo, SSA Global, Accenture, Cognizant, K-force, Wipro and many more. We are also IBM global services alliance partners, HP Preferred Solution Partner as well as Microsoft HealthCare Solution alliance partner.

Why We are better?

Better ROI: We would work with client to do analysis of getting the work done in-house vs. outsourcing it to us.

Guaranteed Delivery on time and on budget: We also provide our solutions on a contingency basis, since we are confident of delivering the solutions. We are able to afford such clause.

IP retention: Clients will retain the IP of the solution being built for them.

Monitoring: Real time monitoring of the progress of work by *Client Management System* built in house by CBS.

Domain Expertise: Services are provided by domain experts, implies less risk and better turn around time. Clients can save the training time and resources.

Ground Work: We provide all the groundwork (Detailed Project Proposal with Statements of Work), Understand and formalize the needs of client, Timeline feasibilities, cost analysis before even the project gets awarded to us.
